

Fact Sheet

Rave Alert

Instant alerts when seconds count

Rave Alert is a leading mass notification system offering reliable, multimodal messages in three clicks. Its easy-to-use interface, seamless device connections and customization make it the most efficient and effective solution for emergency and non-emergency messaging.

Designed for ease of use

Mobile-enabled and user-friendly for seamless deployment and daily management to ensure effective communication.

Unmatched performance

Backed by public safety grade infrastructure and reliable implementation, support and customer success teams.

Streamlined communication

Effortlessly send unlimited and customized emergency messages in 100+ languages from a single launch point across all internet-connected devices.

Seamless connections

Connect to devices that support Common Alerting Protocol and send out messages through text, email, voice calls, social media, mobile apps, desktop alerts and more.

Customized setup

The interface can be customized so administrators can have tools and options based on their role or needs.

Reliable solutions

FedRAMP Authorized and US Department of Homeland Security SAFETY Act Certified.
